

Art show by Val

October 4, 2012 from 4-6pm

165 Ferris Lane, Barrie Common Roof

My name is Val Talbot. I am 14 years old and I go to Nottawasaga Pines Secondary School in Angus. I have always been into drawing, but was never good at painting. In fact, I used to rarely paint at all! It wasn't until I was 12 that I did a surreal painting just for fun, and in the end it turned out far better than I had expected. Since then, I've been doing a lot of expressionism in order to get a point across to society and to express myself in visuals. In my spare time, I do a lot of drawing, writing and painting.

The inspiration for my artwork and stories comes from a lot of Tim Burton and Hayao Miyazaki films. They are my favorite directors, and because of them I have decided to pursue the film career as well, so look out for my movie trailers in the 2030's!
